

SANJANA SHIVANAND HARIKANTRA

STUDENT

7892776572 | sanjanaharikantra72@gmail.com | [GitHub](#)

OBJECTIVE

“Enthusiastic computer science student with a passion for **web development and programming**. Eager to find an internship opportunity to apply software engineering knowledge and contribute to meaningful projects in real-time.”

EDUCATION

Bachelor of Engineering | CSE | 8.6 CGPA

2023 – Present

Sahyadri College of Engineering and Management

Mangaluru, Karnataka

Polytechnic Diploma | CSE | 9.11 CGPA

2020 - 2023

Government Polytechnic, Karwar

Karwar, Karnataka

SKILLS

Frontend Development: **HTML, CSS, JavaScript, React, Bootstrap**

Backend Development: **Node.js, MongoDB, MySQL**

Programming Languages: **Java, C**

Tools and Technologies: **GitHub, Responsive Design**

PROJECTS

➤ Landing Page with a Login Form

[link](#)

Created a frontend project using **HTML** and **CSS** to replicate key features of the Landing page

➤ Comic Book Inventory Management

- Developed a comprehensive API using the **MERN** stack (MongoDB, Express.js, React.js, Node.js) to facilitate the management of a comic book inventory.
- Implemented full **CRUD** (Create, Read, Update, Delete) operations, allowing users to seamlessly manage comic book records.
- Built the frontend using **React.js** and **Bootstrap**, ensuring a responsive and user-friendly interface for an enhanced user experience.
- Demonstrated proficiency in modern web development technologies and a solid understanding of API design and implementation through this full-stack application.

INTERNSHIP

Codelab Systems

Web Development Intern

Feb 2023 - June 2023 (4 months)

Gained practical experience in full-stack web development by designing a website. Engaged in frontend development using **REACT, CSS**, and along with backend development using Node with Express js . This role enhanced my web development skills and technical knowledge in a professional environment.

Interest and hobbies

Dedicated to exploring web development trends and UI/UX design principles, experimenting with new frameworks, tackling coding challenges, and continuously enhancing my practical knowledge.
